Instructions

These worksheets will calculate the information water districts will need prior to adopting their tax rate. It will be necessary first to enter the required data on the "Data Entry" sheet. To access that sheet, click on the Data tab located at the bottom of this window. Some data may already have been entered for you.

NOTE: All worksheets are "locked" to protect accidental changes. You may only enter items on the data entry page and only in the blue colored cells. If for some reason you need to otherwise edit any of the worksheets, the password to unlock them is "TAX". It is case sensitive.

If you have debt, when you enter the debt information, your debt rate will be calculated for you on line 12 of the data entry page. It has a provision for you to "back into" a specific debt rate if you wish.

After you have entered the required data, click on the "Notice" tab. This sheet has all the information you need to complete the "Water District Notice of Public Hearing on Tax Rate". This is a notice all water districts must publish prior to adopting their tax rate (Water Code, Section 49.236). The Tax Office cannot publish this for you.

If line 14 on the Notice tab is equal to or less than 3.5%, this paragraph does not apply and you may ignore the "Voter-Approval" tab. If line 14 on the Notice tab is more than 3.5% and you are a Developed Water District, an election must be held to determine whether to approve the maintenance and operation tax rate under Section 49.23602 of the Water Code. You are advised to seek legal counsel in this event. The VOTER-APPROVAL RATE is calculated for you on the "Voter-Approval" tab.

NOTE: Due to an anomaly in the law, it is possible that the calculated voter-approval rate will be higher than the proposed rate which generated the voter-approval rate. Although not likely, if this occurs, you should seek legal counsel. If you are a new jurisdiction or had no levy last year, line 14 of the Notice tab will display "INFINITE %" because you are dividing by zero. Again, this is a problem with the wording in the Code and you may wish to seek legal counsel as to what you need to show in your
